PREFACE

This, the tenth annual Data Book on Illinois Higher Education, provides ten sections of information on public and private colleges and universities in Illinois. The information is compiled from data reported by Illinois institutions in studies conducted or coordinated by the Board of Higher Education's staff. While the staff is responsible for the accuracy of the compilation, the validity of source data depends upon institutional submissions. Both credit and thanks are due to the individuals at each public and private institution who complete the surveys. In many ways, the usefulness of this document is due to the accuracy and timeliness of their responses.

One objective of the Data Book is to provide useful combinations of data about higher education in Illinois. Suggestions are welcome on improvements that will make this publication more useful. Much of the data contained in this book are in computer readable form. If readers desire new combinations or details which are not present in this book, they are invited to contact the Board office.

INTRODUCTION

The Data Book on Illinois Higher Education is intended to provide a general reference for the reader seeking an overview of Illinois higher education. Although some tables provide information for certain categories of institutions only, the overall survey universe includes all Illinois institutions of higher education having degree granting authority and those with operating authority who have applied for authority to grant degrees. While this year's survey universe included 181 institutions, one limited purpose institution and one proprietary institution did not respond, leaving the total number of respondents at 179.

Institutional Classification

To allow for meaningful summaries of data, surveyed institutions have been categorized according to purpose and financial structure. The current institutional classification system breaks these institutions into five categories: public universities; public community colleges; private, not-for-profit multiple purpose; private, not-for-profit limited purpose; and proprietary. Limited purpose institutions are those offering specialized programs of study in professional, theological, or technical fields. Proprietary institutions are those institutions whose financial structure is organized on a for-profit basis.

Data Sources

Information for the Data Book is compiled from a number of surveys conducted or coordinated by the Board of Higher Education. Principal among these are the following:

IBHE Fall Enrollment Survey. The IBHE annual Fall Enrollment Survey is a comprehensive survey covering various aspects of student enrollments. Data from this survey provide the basis for Chapters I through V of the Data Book. Enrollment breakdowns such as institutional headcount and full-time-equivalent enrollment by class level and location of instruction (on-campus, off-campus, or home-study) appear in Chapters I and III. Chapter II summarizes student characteristics data (enrollment by sex, race, age and geographic origin). Chapter IV summarizes enrollment by academic program for public universities. Finally, data from the Fall Enrollment Survey on applications, acceptances and enrollments by level and on transfers between Illinois institutions are summarized in Chapter V.

HEGIS 2300-2.1 (Degrees Conferred). The Board of Higher Education is the State coordinating agency for the federal Higher Education General Information Survey (HEGIS), which is administered at the federal level by the National Center for Educational Statistics (NCES). Chapter VI of the Data Book summarizes data from this survey on degrees conferred by Illinois institutions in recent years. Every other year the Degrees Conferred survey includes data on the racial/ethnic characteristics of degree recipients by discipline. These data were not included in the 1981-82 survey which is presented in this year's Data Book. The racial/ethnic characteristics of 1980-81 degree recipients are presented in the 1982 Data Book.

HEGIS 2300-3 (Salaries of Full-Time Instructional Faculty). Chapter VII summarizes data from the 1982-83 HEGIS Salaries Survey. This annual survey provides data on the number and sex of full-time

instructional faculty at public and private institutions of higher education and on salaries and fringe benefits earned by these faculty.

RAMP (Resource Allocation and Management Program). The Board of Higher Education's annual Resource Allocation and Management Program (RAMP) provides data used in the planning and budgeting processes of Illinois public universities and community colleges. Chapters VII and X present staffing and financial data which have been obtained from RAMP.

Faculty Credit Hour Study. The IBHE Faculty Credit Hour Study is a detailed analysis of public university faculty and administrative assignments for each academic discipline by level of instruction. Tables derived from this study contribute to the staff data presented in Chapter VII.

IBHE Tuition and Fees Survey. The Board of Higher Education's Tuition and Fees Survey requests information on annual student charges for tuition, fees, room and board at Illinois public and private institutions. Data from this survey are summarized in Chapter VIII of the Data Book.

Student Financial Aid Survey. The Student Financial Aid Survey, a joint effort of the Illinois State Scholarship Commission and the Illinois Board of Higher Education, collects data relating to student financial aid from all non-profit institutions that participate in the major State student financial aid programs (173 institutions as of FY1982). Chapter IX summarizes recent years' data from this survey.

Discipline Unit Cost Study. The Board's annual Discipline Unit Cost Study provides a detailed analysis of costs for instruction,

organized research and public service activities at each Illinois public university. Data from this study contribute to several tables appearing in Chapter X of the Data Book.

HEGIS 2300-4 (Financial Statistics). Chapter X of the Data Book also presents summarized data from the 1981-82 HEGIS Financial Survey. This survey provides data on current funds revenues by source for public and private institutions.

Section I

CURRENT ENROLLMENT DATA

This section presents data on headcount and full-time-equivalent (FTE) enrollments in Illinois colleges and universities for Fall 1982. The data are from the Board of Higher Education's annual Fall Enrollment Survey.

Headcount

Table I-1 summarizes headcount enrollments at public universities, community colleges and private institutions by attendance status (full vs. part-time), location of instruction, sex and class level. This table also presents total FTE for each sector.

Table I-2 provides headcount enrollments by location, level of instruction and attendance status for each public university along with total FTE for each institution.

Table I-3 provides headcount enrollment breakdowns by location of instruction, type of instruction, attendance status and residence status for each public community college.

Table I-4 presents institutional headcount enrollments by location of instruction, level of instruction and attendance status.

Full-Time-Equivalent

Table I-5 presents FTE degree credit enrollments at Illinois public universities by level of instruction and location of instruction.

The following definitions apply to the data in this section.

ENROLLMENT DEFINITIONS

Baccalaureate

Student academic program majors at public community colleges which include approved transfer, college parallel, liberal arts and science and baccalaureate-oriented programs which are classified under the National Center for Higher Education Statistics (NCHEMS) Program Classification Structure (PCS) code 1.1.

Degree Credit Enrollment

Students who have been admitted to a general or a specific course of study or program at the completion of which a degree/diploma/certificate is awarded by the institution. A certificate does not signify simply the completion of the courses of study through attendance, but rather indicates the completion of an organized curriculum and the achievement of competence in that curriculum. Students who have not yet declared a major (that is, indicated the specific program they will follow) but have taken and/or are presently enrolled in courses and activities attempted and completed by degree/diploma/certificate students are also included in this category.

Freshman

A student who has completed fewer than thirty semester hours (45 quarter hours).

Full-Time

Students taking 12 or more semester or quarter hours during the semester or quarter. A student's entire academic load in terms of course work or other activity (such as thesis, research, or required teaching) is counted. Institutions not on a semester or quarter system report students taking at least three quarters of the institutionally defined normal full-time load as full-time students. Time spent by teaching fellows is included only if such teaching is performed as a requirement for a degree/diploma/certificate. Employment which is not a part of the prescribed activity for a professional degree or time spent on work required because of lack of undergraduate background is not counted as time spent on academic requirements.

Full-Time-Equivalent (FTE), Graduate I and II

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate credit hours generated by Graduate I and II students for the Fall term.

Full-Time-Equivalent (FTE), Professional

The statistical enrollment unit calculated by dividing by 12 all degree/diploma/certificate hours generated by professional students for the current Fall term. For professional students not receiving credit hours, the unit is calculated by adding the total number of full-time students to the sum of the appropriate fractional values of full-time load assigned to each part-time student.

Full-Time-Equivalent (FTE), Undergraduate

The statistical enrollment unit calculated by dividing by 15 all degree/diploma/certificate credit hours generated by undergraduate students for the Fall term.

Graduate I Student

A student holding a bona fide bachelor's degree who has been admitted to the graduate division as a candidate for a master's degree, an advanced degree or certificate.

Graduate II Student

A student holding a bona fide master's degree or advanced degree or certificate beyond the master's degree, who has been admitted to a doctoral program. Also, a student holding a bona fide bachelor's degree, who has been admitted to a doctoral program and who has attained at least thirty semester hours toward the doctoral degree. Graduate II students can exist only in programs for which the institution offers a doctoral degree.

Headcount

The number of different, unduplicated individuals enrolled in a term.

Home-Study

Students who have a majority of their certificate or degree course load (credit hours) taught by the college by mail, radio, television or newspaper.

In-District

Public community college students who live within the community college district and who attend the community college within that district.

Junior

Institutionally defined. Normally, those students who have completed fewer than 90 semester hours (135 quarter hours) but at least 60 semester hours (90 quarter hours).

Occupational

Student academic program majors at public community colleges which include approved programs with job training, retraining, and/or upgrading of skills and which are classified under NCHEMS PCS code 1.2.

Off-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in other than on-campus facilities or who have registered for a majority of their course load (credit hours) through off-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

On-Campus

Students who have the majority of their degree/diploma/certificate courses (credit hours) scheduled in on-campus facilities or who have registered for a majority of their course load (credit hours) through on-campus registration procedures. Students registered for equal numbers of credit hours in on and off-campus facilities were counted as on-campus students.

Other Studies

Student Academic program majors at the public community colleges which include General Studies, Remedial/ Development Education and Vocational Skills. These program majors are defined as follows:

General Studies - Students who have enrolled in a course sequence leading to a certificate in one of the approved general studies areas with the NCHEMS PCS code 1.5; personal development; homemaking; improving family circumstances; intellectual and cultural studies; health-safety environment; and community and civil development.

Remedial/Developmental - Students who have enrolled in a course sequence leading to a certificate in one of the approved basic skills development areas in mathematics, reading, and English for adults and for helping individuals acquire other educational skills and knowledge necessary for pursuing other educational offerings at the community college; NCHEMS PCS code 1.4.

Vocational Skills - Students who have enrolled in a course sequence leading to a certificate in one of the approved vocational skills areas in retraining, upgrading or advancement in a specific occupation or groups of occupations; NCHEMS PCS code 1.6.

Out-of-District

Students attending a community college whose residence is not within the boundaries of the community college district but is within the State of Illinois.

Part-Time

Students taking fewer than 12 semester or quarter hours during the semester or quarter. Institutions not on a semester or quarter system are to report students taking less than three quarters of the institutionally defined normal load as part-time students.

Professional

Students taking courses, leading wholly or principally to a professional degree in dentistry, law, medicine, optometry, osteopathic medicine, podiatry, theology or veterinary medicine. Ordinarily, such students are enrolled in programs which require at

least two academic years of previous college work for entrance and which require a total of at least six academic years of college work for completion.

Senior

Institutionally defined. Normally those students who have taken 90 or more semester hours (135 quarter hours) but have not received the bachelor's degree in the program major in which they are enrolled.

Sophomore

Institutionally defined. Normally those students who have completed at least 30 semester hours (45 quarter hours) but have completed fewer than 60 semester hours (90 quarter hours). Also those students without a previous degree who have more than 60 semester hours and are continuing to pursue an associate degree.

Unclassified Graduate

Students who hold a bachelor's degree or equivalent and who have been officially enrolled in the graduate college, school, or division and are taking professional or graduate courses but are not working toward a degree.

Unclassified Undergraduate

Students enrolled in degree credit courses who (a) are not pursuing an associate, bachelor's, or higher degree, or (b) do not fulfill minimum requirements for entrance as regular students. This category includes transfer and other students whose transcripts have not been completely reviewed and who therefore cannot be classified by class level. Also included at the undergraduate level are students who already have a bachelor's degree or award below the baccalaureate but who are taking courses at the same level or lower and teachers taking additional undergraduate courses for certification.

Undeclared

The curriculum identifier for public community college students who have enrolled in instructional

courses who are not pursuing an associate degree or certificate or have not decided which instructional program to pursue.

Undergraduate

Those students who are at the Freshmen, Sophomore, Junior or Senior levels and the portion of unclassified students who have enrolled as undergraduates.

Section II

STUDENT CHARACTERISTIC DATA

Section II presents student demographic data using dimensions of sex, level of instruction, attendance status, age, ethnic origin and residence of students enrolled in Illinois colleges and universities. Data for this section are from the Board of Higher Education's annual Fall Enrollment Survey.

Sex

Table II-1 presents headcount enrollments by sex within level of instruction for each Illinois public and private institution.

Attendance Status

Table II-2 presents headcount enrollments by attendance status (full or part-time) and level of instruction for each public and private Illinois institution.

Age

Tables II-3 and II-4 present age distributions of Illinois degree credit students by sector. Table II-3 presents age distribution by level (student major, for community colleges), while Table II-4 shows the distribution of age by sex for undergraduate and graduate students.

Tables II-5, II-6 and II-7 present age distributions by attendance status within sector for first-time freshmen, undergraduates and graduates, respectively. Community college data are subdivided by student major. Table II-8 presents average age of degree credit students by sex and level of instruction for each Illinois institution.

Racial/Ethnic Data

Tables II-9 and II-10 present enrollments by racial/ethnic category for Illinois institutions. Table II-9 provides aggregate data by sector, while Table II-10 presents racial/ethnic breakdowns by institution.

Residency

Table II-11 presents the home state of first-time freshmen enrolled in Illinois institutions by type of institution within sector.

Table II-12 presents home county of in-state, first-time freshmen by type of institution and by sector. Table II-13 presents home county by attendance status within sector.

STUDENT CHARACTERISTICS DEFINITIONS

Definitions from Section I also apply to this section. Additional definitions for new data elements presented in this section are as follows:

Age

The chronological age of students as of the last day for which Fall term registrations or withdrawals are allowed without penalty (normally the tenth day of the term).

County of Residence

The county where Illinois students were legally domiciled at the time of first admission to the institution.

Entering Students

The number of students at the indicated student level who enrolled for the first time at the reporting institution in the Fall term. Also included are students enrolled in the Fall term who attended the institution at the indicated student level for the first time in the previous Summer term.

First-Time Freshmen

Those students enrolling in the reporting institution during the Fall term who have not previously attended any college. Also included are students enrolled in the Fall term who attended college for the first time the previous Summer and students who entered with advanced standing (college credits earned before graduation from high school) at the freshman level.

Foreign Residence

Students who were legally domiciled in a country other than the United States of America at the time of first admission to the institution.

In-State Residence

Students who were legally domiciled in Illinois at the time of first admission to the institution.

Out-of-State

Students who were legally domiciled outside Illinois but within the United States of America and its possessions at the time of first admission to the institution.

Race or National Origin

Racial/ethnic designations do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging.

The definitions for these categories are:

. . Non-Resident Alien - A person who is not a citizen of the United States of America and who is in this country on a temporary basis and does not have the right to remain indefinitely.

. . Black, Non-Hispanic - A person having origins in any of the black racial groups of Africa.

. . American Indian or Alaskan Native - A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.

. . Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa.

. . Hispanic - A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race.

. . White, Non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

Section IV

ACADEMIC PROGRAM ENROLLMENT DATA

This section, compiled from Table D of the Board of Higher Education's annual Fall Enrollment Survey, presents enrollments by academic program for the public universities. Program enrollment data for 1982-1983 were collected using the new NCES Classification of Instructional Programs (CIPS) rather than the old HEGIS taxonomy. Therefore, caution should be exercised in making comparisons between those data and program enrollment data published in previous years' Data Books.

Detailed Academic Program Enrollment Data

Table IV-1 presents undergraduate academic program enrollments by institution for public universities. Associate and certificate program enrollments are included in this table.

Table IV-2 presents Graduate I and professional enrollments by discipline for each public university. Table IV-3 presents Graduate II enrollments by discipline for the same institutions.

Academic Program Enrollment Summary

Table IV-4 summarizes enrollments by two-digit CIPS discipline code for each public university.

Section V

ADMISSION AND TRANSFER DATA

This section presents data on applications, acceptances, enrollments and transfers for the Fall 1982 term. The data are from the Illinois Board of Higher Education's annual Fall Enrollment Survey.

Admission

Table V-1 presents the number of applications, acceptances and enrollments for first-time freshmen and transfer students at each Illinois college and university.

Table V-2 presents applications, acceptances and enrollments by institution for entering professionals and entering graduate students in Illinois.

Transfer

Table V-3 replaces Tables V-3, V-4 and V-5 from previous years' Data Books. This table presents the number of transfers to and from each public university, community college, and multiple purpose institution in the State. Proprietary and limited purpose institutions have been aggregated under the heading "Other and Unknown." Conceptually, the table is a 125 x 125 cell matrix, and its pages can be physically arranged to create one. The number appearing beside a named institution in the left hand column of the table is the number used to designate that institution in the columns across the top of the page.
